NEW SERIES.

SEDALIA, MISSOURI, FRIDAY EVENING, JUNE 7, 1895.

PRICE,

## A MONSTER MEETING

The Court House Was Filled to Overflowing.

## RINGING RESOLUTIONS.

They Were Adopted Without a Dissenting Voice—The Proceedings in Detail.

It was a magnificent audience that assembled at the court house last night to refute the statements made by a portion of the local press and others, to the effect that Sedalia is reeking with corruption and vice and that it is impossible to secure the enforcement of the law in this community.

As early as 8:15 o'clock all of the seats in the commodious room were filled, and a few minutes later standing room was at a premium, even the aisles being crowded, while many remained in the outer hallway, being unable to gain admittance.

In the language of Mayor Hastain, who borrowed the expression from the Gazette, it was a splendid assemblage of "hoodlums," representing the most prominent business men of the city, in all of the walks of life, without so much as a single objectionable character.

It was, in fact, a gathering such as has not been seen in Sedalia in years, except during heated political campaigns, and gave abundant evidence that Sedalians are as zealous of the good name of their city as they are of the good name of their families.

The Sedalia Military band was present and played two or three patriotic airs, but music was not necessary to enthuse the vast gathering. At 8:30 o'clock Dr. A. H. Conkwright called the assemblage to order, and S. P. Johns, senior, was chosen chairman and Geo. B. Dent secretary.

On entering upon the duties of presiding officer, Mr. Johns stated that he appreciated the honor that had been conferred upon him. He was a member of the Civic federation, he said, but he had never attended a meeting. He was also in favor of law and order, and to that end he desired that not only the saloons be closed on the Lord's day, but all other branches of business as well.

James T. Montgomery moved that the chair appoint a committee of three on resolutions, but the motion was amended by W. F. Hansberger to make the number five, and it was adopted as amended. The chair named James T. Montgomery, Frank W. Shultz, R. H. Moses, W. F. Hansberger and Dr. A. H. Conkwright as such committee.

At this juncture Mr. A. C. Baldwin, editor of the Gazette, arose and asked that the secretary read a series of resolutions that he (Baldwin) held in his hand, but no action was taken.

There were calls for Mayor Hastain to explain the object of the meeting, and he did so at some length, after which Hon. J. H. Bothwell was introduced and delivered a magnificent address that teemed with compliments of Sedalia and Sedalians. Throughout his remarks Mr. Bothwell stood up manfully for law and order, and frequently was he interrupted by applause.

Calls were made for Hon. W. D. Steele, but the gentleman declined the invitation and asked that Rev. J. M. Van Wagner be heard. The venerable divine responded and spoke quite happily until the return of the committee on resolutions with its report.

The report of the committee was read by Chairman Montgomery, after brief introductory remarks, as follows:

Resolved, By this large and representative concourse of citizens in mass-meeting assembled:

First—That all the citizens of Sedalia, without distinction of party, class or creed, are wholly and irrevocably committed to the observance of law and the proper and orderly administration of justice; this being the foundation of govern-

ment and the sheet anchor of our liberties, a profession of our sincere adherence thereto, under ordinary circumstances, would seem the declaration of a mere platitude.

Second—We assert unequivocally, and challenge successful contradiction, that the City of Sedalia is as peaceful, orderly and law abiding as any community in the state of equal population and commensurate vitality, activity and energy, ordinary and petty infractions of criminal ordinances, inseparable from every large and rapidly expanding municipality to the contrary notwithstanding, and for which easy, prompt and adequate redress is amply provided in the criminal courts.

Third—We sincerely and profoundly deprecate the useless, reckless and harmful agitation precipitated upon the community within the past week or two, because it tends to foment factional controversy where unity and concord are indispensable, and because it tends to impress our neighbors with a false and exaggerated notion of the condition prevalent in our midst.

Fourth—Replying to a communication received by our honorable mayor from the Drummers' association, of the city of St. Louis, we desire to convey to them an expression of our distinguished consideration, and to assure them that we regarded ourselves highly complimented and our city dignified that so large, so reputable and so enterprising a class of fellow citizens were pleased to pay us a complimentary visit at so great a distance, and at the cost of so much personal inconvenience to themselves. Our sincerest regret is that more might not have been done to make their entertainment agreeable and interesting, and to impress them with a sense of our hospitality; and if any word has reached them inconsistent with this frank and candid declaration, we hereby disavow and denounce it as unauthorized, impertinent, and for which no reputable citizen or friend to Sedalia would desire to be held responsible. We trust they may be induced to repeat their visit, and we hereby pledge them in advance a heartier hospitality and a warmer welcome, if possible, than we gave them before.

Fifth—We hereby enter our unqualified disapproval of the methods and policy of a part, at least, of the public press in publishing the atrocities and depravity of the baser class of criminal offenders, in all their salacious and disgusting details. Such publications in no wise mitigate such offenses, or deter from their repetition, while their perusal exerts a vitiating and demoralizing influence upon the minds and imagination of the youthful class of readers. Such matter is hardly to be distinguished in effect from what is commonly denominated "obscene literature."

Mr. A. C. Baldwin objected to the adoption of the fifth clause of the resolutions, but when they were submitted to the meeting they were adopted without so much as a dissenting voice, after which the meeting adjourned.

## THE STREVEL MURDER.

New Clues Found Pointing to a Man Named Jinkens.

FORT SCOTT, Kas., June 7.—Ever since the murder of Charles Stewart Strevel last March detectives have been working on the case in hopes of securing the \$500 reward offered for the old man's assassins. Yesterday Frank Fairman and J. R. Harris brought here and turned over to County Attorney Corey, a long knife covered with blood, and a new cotton handkerchief with bloody finger marks which they claim they found wrapped around the knife, and which were found in a woodpile about 200 yards from the Strevel house, where the crime was committed. The name "J. Jinkens" is written on the handkerchief with a faint blue ink. Jinkens was at one time suspected of the murder, but as he had left the country nothing was ever done in regard to the matter. It is said Jinkens had trouble with Strevel on the day of the murder. He is supposed to be in Fredonia, Kas.

## ARRESTED A MOB.

Attempt to Release Two Prisoners in Cooper County.

Constable J. R. Allison and Marshal Hayden Moore, of Buncheon, brought to Booneville fifteen negroes Wednesday afternoon, and turned them over to Sheriff Ames for safe-keeping. They are charged with attempting to forcibly secure the release of two prisoners from the officers' keeping, says the Booneville Advertiser.

On last Saturday evening Mrs. Eva Coe, who lives in Buncheon, was robbed of \$5. A darkey employed about the place and one of his associates were suspected as the thieves, and a day or two thereafter were arrested for the crime. Constable Allison lives some distance

some parleying, the two officers succeeded in turning the heads of the entire mob toward town, and brought them to Buncheon without further difficulty. In the darkness a few of the number succeeded in escaping, and, in the trial before the justice, four or five were able to give bond, leaving just fifteen to be committed to jail.

## Bitten by a Rattlesnake.

The sixteen-year-old daughter of Charles Coleman, who lives near Hunter's Cave, northwest of Ashland, Boone county, was bitten on the left foot by a large snake while out gathering wood a little before dark Wednesday last. The girl's limb swelled fearfully, the Ashland Bugle says, and she suffered intensely from the bite and feared it would end her life. Dr. A. Martin was called in Thursday morning and reports the girl getting well.

## SPAIN'S ASSURANCE.

That Country Will Make a Cool Demand on the United States.

LONDON, June 7.—The Standard yesterday contained an intimation to the effect that when the insurrection in Cuba is ended Spain will request the United States to pay part of the costs of suppressing it, adding: "There is small pretense of concealment upon the part of those going to Cuba from the United States, and the authorities must be cognizant of it. The country which claimed and obtained damages from England, on account of assistance given to the south by armed vessels, which were allowed to leave this country, should be the last to allow armed men to leave her shores and insurrect against Spain."

## The Union Prayer Meeting.

There was a large attendance at the union prayer meeting at the First Congregational church last night. The meeting was opened with the singing of a hymn, after which prayers were offered by Rev. C. C. Russell and Mrs. Geo. Lord. Others who participated were Rev. Alton, Col. Van Wicker, C. W. Goodwin, the Missouri Pacific engineer, and Mrs. P. A. Cool. It was decided to continue the fight against the Sunday saloons until the law is enforced to the very letter.

## JIM'S INFATUATION.

The Champion in the Toils of a Woman of Many Names.

## HIS TRAINERS WORRIED.

Efforts Have Been Made to Have Gentleman Jim Break Off the Alliance, But Without Effect.

Hattie Clark, or "Pearl," as she is better known, a blonde, with a mass of hair so flaxen a hue that it is almost white, and a figure full of seductive curves, is at the bottom of the divorce suit which is about to be brought by the wife of James J. Corbett, the pugilist.

The real name of the alleged siren is variously stated as Clark, Esmond, Williams, Shaw and Percival. Mrs. Corbett herself does not know the actual name. The intimates of the pugilist profess a like ignorance. Manager Brady is as equally non-committal, and it is even intimated that Corbett himself is in doubt about the matter.

The woman is about 30 years of age. It is said she comes of a good Chicago family, but was led astray by one of the most prominent public men in Colorado. Three years ago she cut a dash at Newport and Long Branch, her protector being the son of a New York financier. She then returned west, going to Philadelphia in the fall of 1893. Later she met the champion, and then began the liaison of which the pending divorce proceedings are the culmination. It is said that she is remarkably well preserved and has a singular charm of manner. It is alleged that the relations between the pugilist and the woman were conducted openly, and that his infatuation for her was of such a nature that he has not only introduced her as his wife, but has been until very recently living with her in New York without any effort to conceal their relations.

Mr. Lake, father of Mrs. Corbett, was seen and talked with much reluctance. He said:

"I desire to say that Jim, prior to this unhappy infatuation of his, was a model husband in every way. Up to within a few months ago, he and my daughter were more like sweethearts than husband and wife. To me he was more than a son. Looking at the matter all round, and knowing what I do of the man and his many good qualities, I am forced to believe that he must be a little out of his head.

"He has had his flirtations before now, but he used to tell me that when those were over he always hated himself and felt inclined to kick the woman in the case. But this woman seems to have gotten the grip upon him. He appears to be completely under her influence. He is ruining himself, mind, body and soul, and the happiness of those dependent on him also.

"The matter is assuming such a shape that his trainers and backers are feeling more worried than I can say, or than they would care to admit. If he is defeated he is a ruined man. Delaney, his trainer, told me that he had used every effort to break off the affair, but without results. He has expostulated, persuaded, begged, pleaded and even used threats, but all to no purpose. I love Jim, and have nothing but affection and regret for him."

"Will Mrs. Corbett mention the name of any other person besides 'Pearl' as correspondent?"

"Well," said Mr. Lake, "if she wanted to she could. There is another girl, an actress, who is at present playing in New York, with whom Jim was very friendly last year. I don't care to give her name. She, however, is but one of the many."

"Is it not true that some of his backers have tried to bring the influence of Corbett's physicians to bear upon the situation in the way of advice to him?"

Mr. Lake smiled faintly and his eyes filled with tears. "I will not say," he answered, "but much will be laid to the credit or discredit of that woman when the proper time comes to make a public statement."

visit to her mother, Mrs. A. D. Glasscock, returned home last Saturday.—Tipton Times.

Mrs. Lureen Walker, of Sedalia, was up from that city Tuesday, says the Lamonte Record, endeavoring to establish a class in elocution and physical culture. She is an excellent lady, a very efficient tutor, having been a teacher for several years at Sedalia and Boonville. She bears letters and testimonials of a high order of efficiency. While here she met a number of the ladies of our city and will return Monday of next week, when the attempt to organize a class in the above studies will be undertaken.

## Sam Fuller's Stable.

Many of our horse admiring citizens were at the depot Wednesday evening to meet Sam Fuller and get a glimpse of King Herod as he passed through his native city, on his way to Dubuque, Iowa, where King will make his first race of the season, says yesterday's Fayette Democrat-Banner.

Mr. Fuller had with him besides King Herod, Proctor, a 2-year-old, who holds the yearling record at 1:09 for a half mile; Kentucky Union, record, 2:11¾, and Bob Collins, a 2-year-old, that Mr. Fuller thinks is the fastest colt in the world.

The races begin at Dubuque on Tuesday, June 11th, where he will win some purses, or make the horse that does make a record away down in the fractions.

## The Dogs and Ponies.

Professor Gentry and his dog and pony show arrived in the city this morning and all the dogs and ponies appeared in the street parade at noon. They are the prettiest collection of animals ever seen in this city and are said to be just as wise as pretty. The first performance will be given tonight at 8 o'clock at the corner of Quincy and Third streets.

The pupils of the Sedalia School of Music will give a concert at the Christian church tonight. Mrs. Mayo-Rhodes, one of the most accomplished vocalists in the state, and Mr. W. Von Rolla Macielinski, have, after many urgent requests, consented to stay and assist, which is an additional guarantee that the concert will be one of the finest musical entertainments ever given in Sedalia. Doors close at 8:15 sharp.

## Would You Buy Tainted Meat?

## One Cent Per Pound?

Of course you would not; you do not want such rubbish at any price for the initial saving would be swallowed up ten times by consequent doctors' bills—perhaps undertakers' bills.

Similarly, You should not buy clothing just because a merchant sells it cheaply. Price is only one consideration; quality, texture and workmanship are just as important. I quote no prices, but handle Men's, Boys' and Children's Clothing of the highest quality, finest texture and most artistic workmanship, at prices as low as those of any honest competitor. Don't accept this on my say-so, call and see the goods.

## RAILROAD RUMBLE.

Freight Rates Are Still Greatly Demoralized.

## BIG SUIT FOR DAMAGES.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

The St. Louis-Texas freight rate situation is getting worse and the rates offered on some commodities are now so low that many lines prefer to stay out of the business, says today's Globe-Democrat.

Yesterday wire and nails and packing-house products were shipped to Texas common points at 15c per hundredweight. This is considerably below the actual cost of the haul for half the distance, but the freight traffic men who are responsible for this rate war are not defraying the operating expenses out of their own pockets and therefore the suicidal policy does not directly concern them; they have not a dollar's worth of interest in the properties which they represent, and judging by the daily developments, care very little for those who have their money invested in the southwestern lines.

Chairman Day, of the Southwestern Traffic association, is making a vigorous effort to get the executive officers together, but as they are all scattered over the country it is scarcely probable that a meeting can be arranged at headquarters in St. Louis before the 17th or 18th of June. In the meantime the cutting and slashing of tariffs goes on, involving a loss of several thousand dollars daily to every line interested in Texas traffic.

## Katy's Kansas City Line.

Vice President and General Manager Purdy, of the Missouri, Kansas and Texas, was in consultation yesterday with a number of contractors, who will submit bids for the construction of the Kansas City cut-off, says today's St. Louis Republic.

As already announced, the location of the new line between Windsor and Holden has been finally determined, and it is expected that construction will begin next week. Assistant General Manager Allen is on the ground now submitting matters. There are no heavy grades to be reduced, no expensive bridges to build, and no engineering difficulties to overcome. Officials of the company believe, therefore, that there will be no trouble about having the line completed within sixty days, and that through trains will be running between St. Louis and Kansas City by the first of September.

## Coach, Cab and Caboose.

Civil Engineer Henry Rohrer, of the Missouri Pacific, went to Holden this morning.

John W. Allen, general freight agent for the M., K. & T., of Texas, arrived this morning from Denison with his family.

Geo. Duncan, the Missouri Pacific helper, left this morning for Marshall, near which place his aged father died last night of general debility.

Master of Transportation M. Sweeney, of the M., K. & T., attended the "hoodlum" meeting last night and returned to Parsons this morning.

Passenger Agent Barker, General Freight Agent Haile and other officials of the M., K. & T., went south this morning, after having remained here over night.

Walter McNair, recently of Master Mechanic Weller's office, is now at Circle City, Alaska, a town of 1,500 inhabitants, where he will receive mail matter only four times a year.

A suit was filed in the circuit court at Little Rock yesterday by A. McFarley against the Iron Mountain railroad, praying damages in the sum of \$20,000 for injuries sustained at Poplar Bluff August 16, 1894. He avers that he was kicked off the train by the brakeman and thrown under the wheels of the train, crushing his foot and ankle so that amputation was necessary.

## He Cannot Get Away—Must Remain a Week Longer

In order to treat the patients that have called for treatment in the last two days. Dr. C. H. Carson has no doubt made more truly grateful friends here in Sedalia than any other doctor in the land in the same time. "And why?" Because he has not only benefited but actually cured them after long months, and in some case years, of intense pain and suffering. The people who visit this wonderful vital magnetic healer are among the best and most reliable citizens of Sedalia and surrounding country, and they are unbounded in their praise of Dr. Carson and his great healing power. Several of his patients have been seen by a DEMOCRAT representative, and among them one of our most influential business men who visited Dr. Carson this morning at his parlors at the Kaiser hotel and went there with the aid of two crutches that he had been wearing for a long time on account of a bad sprain. After a few moments' treatment this gentleman returned to his place of business without his crutches, leaving them at the hotel, believing he had no further use for them. This is only one more of the great number of wonderful cures we know of.

## \$10,000 FOR A BABY.

Mrs. Frank Pixley Has Offered That Sum for One.

The following dispatch from San Francisco recently appeared in the metropolitan papers throughout the west. Frank Pixley, the veteran editor referred to therein, is a cousin of Col. T. V. Hixox, of near Boonville, says the Boonville Advertiser, under whose guardianship he was given his start in the world. Mr. Pixley came from the east to Boonville in 1848 or 1849, and spent the winter here before going to California, where he expected to locate. He married after going to San Francisco, and became very wealthy from the profits derived from the newspaper business—a fact which in itself is remarkable enough to make it worthy of special mention. The dispatch reads as follows:

"Mrs. Frank Pixley wants to buy a baby, and has offered \$10,000 for one. She wants to adopt the two-year old son of her adopted daughter, Mrs. Weller. The latter is wavering between a mother's love for her child and a desire for her boy's welfare, for Mr. and Mrs. Pixley have promised to make the little fellow heir to all their wealth if he is given to them. Mrs. Weller was formerly Miss Fannie Morrison, and was adopted by the Pixleys when she was fourteen years old. They educated her and treated her as a daughter. A few years ago she married an Englishman named Weller, and for a year or so Mr. and Mrs. Weller made their home with the Pixleys. The veteran editor and his wife became devotedly attached to the baby when it came, and when there was a falling out, and the Wellers set up an establishment of their own, they hated to part with it. Mrs. Weller refused to give up her baby, and the Pixleys now offer her \$10,000 for the child. Mrs. Weller has not yet accepted the offer."

Some time ago I was taken sick with a cramp in my stomach, followed by diarrhea. I took a couple of doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was immediately relieved. I consider it the best medicine in the market for all such complaints. I have sold the remedy to others and every one who uses it speaks highly of it. J. W. STRICKLER, Valley Center, Cal.

For sale by P. E. Ott, W. E. Bard, A. T. Fleischmann, Servant's Pharmacy, M. T. Miles, A. S. McGowan, Mertz & Hale, O. W. Smith, O. M. Brooks, T. J. Fletcher, H. W. Wood, J. F. Stephens.

## Arrival of the Show.

Prof. Gentry's car of educated dogs and horses arrived from Quincy this morning and proved quite an attraction for the average small boy.

## MOTHERS

and those about to become mothers, should know that Dr. Pierce's Favorite Prescription robs childbirth of its terrors and dangers to both mother and child, by aiding nature in preparing the system for parturition. Thereby "labor" and the period of confinement is greatly shortened. It also promotes an abundant secretion of nourishment for the child.

South Bend, Pacific Co., Wash.

Dr. R. V. PIERCE, Buffalo, N. Y.: I began taking your "Favorite Prescription" the first month of pregnancy, and have continued taking it since confinement. I did not experience the nausea or any of the ailments due to pregnancy, after I began taking your "Prescription." I was only in labor a short time, and the physician said I got along unusually well.

We think it saved me a great deal of suffering. I was troubled a great deal with leucorrhoea also, and it has done a world of good for me. Sincerely yours, MRS. W. C. BAKER.
